

Transform your workplace with intelligent and engaging solutions.

ABOUT CX UNICORN

Proud to be partners with Microsoft

CX Unicorn is a fast growing IT consultancy and services provider specialising in Microsoft solutions.

We're proud to have a strong partnership with the world's major technology provider - Microsoft. And as an independent "Trusted Partner", we deliver services, where we specify technology solutions that best meet our client's business requirements – saving time as well as being cost-effective to provide a solution that delivers the desired benefits.

We help fast-growing enterprises achieve their business objectives through BOT development, application development, business intelligence solutions, data platform solutions and cloud enablement.

We have delivered Microsoft solutions to various clients and from all industries, including leading financial institutions and professional services companies.

Office 365

Full-lifecycle Microsoft Solutions Provider

CX Unicorn has a wealth of experience in designing, deploying, managing, maintaining and supporting business systems based on Microsoft business applications, databases, operating systems, and cloud platforms. We are a full-lifecycle provider, with the skills and experience to cover everything from initial solution design to user-experience, user-interface and consultancy through to fully managed services. We have deep technical capabilities across Teams, Forms Pro, Microsoft SQL Server, Power BI, Windows and Azure portfolios.

WHAT WE OFFER

Enterprise apps for project management

Business apps for marketing

Innovative BOT Solutions for Enterprises

WORK SHOWCASE: Survy BOT for Microsoft Teams

Survy BOT is an internal survey BOT designed to collect user feedback using the Microsoft Teams platform. The BOT can be accessed via the Teams app on mobile and desktop. The BOT has been designed using a touch UX approach, similar to the chatbots that run chat-based surveys.

Survy BOT enables :

- ✓ Intelligent Survey Automation
- ✓ Faster surveys: from weeks to mins
- ✓ Delivers first 1:1 survey bot on Microsoft O365 in order to improve user experience
- ✓ Advanced Analytics

SURVEY AUTOMATION

The survey creation process can be automated - in terms of questions and response type, making the process more time efficient.

ENGAGING UI

The BOT provides an engaging UI/UX for users in the form of adaptive cards and quick survey result trends

REAL TIME INSIGHTS

The solution allows users to track trends in survey responses, giving users visibility on what they need to action on

Microsoft Office 365

Office 365 is a cloud-based subscription service that brings together the best tools for the way people work today. By combining best-in-class apps like Excel and Outlook with powerful cloud services like OneDrive and Microsoft Teams, Office 365 lets anyone create and share anywhere on any device.

KEY USE CASES

BUSINESS-CLASS EMAIL

Build anything from lightweight websites to multi-tier cloud services that scale up as your traffic grows.

CLOUD STORAGE

Rely on geo-redundant cloud storage for backup, archiving, and disaster recovery.

MEET ONLINE

Get actionable insights from your data by taking advantage of a fully compatible, enterprise-ready Hadoop service.

COLLABORATE, CHAT PRIVATELY

Accelerate your mobile app development by using a backend hosted on Microsoft Azure.

WHY OFFICE 365

SAVE YOUR COMPANY MONEY

Office 365 is available as a simple monthly subscription. Avoid large up-front costs for new software while moving the cost of IT from capital to operating expense. And without on-premises servers to run email, websites, and document storage, you can reduce energy costs and save by no longer purchasing new server hardware.

SCALE YOUR BUSINESS QUICKLY AND FLEXIBLY

Office 365 grows with you on the Microsoft Azure cloud. Adding a new user is as simple as buying an additional license, which allows access to business-critical technology on up to five PCs/Macs and five mobile devices. Office 365 provides many plans to fit the right capability needs and price points for each user in your organization.

TECHNICAL SUPPORT

Your Office 365 subscription comes with 24/7 support from a global network of experts, with one-hour response for critical, service-impacting events.

FINANCIALLY BACKED SLA

Get peace of mind knowing your services are available when you need them with a financially backed, 99.9% uptime service level agreement.

SIMPLIFIED IT MANAGEMENT

Reduce headaches by reducing your IT infrastructure. Content lives safely in globally distributed data centers with continuous backup and disaster recovery abilities.
